

March 15 Update at 5:30pm

Dear Guests of Ski Wentworth,

As per the provincial government announcement today, we will be cancelling all March Break Camps and group lessons. Participants will receive a full refund.

We will be offering private lessons on the hour starting at 9am, with the last available at 3pm. Lessons will be limited to 6 years and up.

We will be following recommendations to practice social distancing and limiting our seating capacity in the lodge. We encourage guests to eat outside. We'll be having a BBQ on the deck over the lunch period.

We're starting our spring hours and pricing a week earlier than planned. From Monday, March 16-22 we'll be open 9am-6pm with \$30 lift tickets and \$20 rentals. See below for details. We are also having a season end no tax sale in cafeteria (starting March 16) and 40% in the retail store on now.

New Spring Hours of Operation & Pricing

March 16-22

Hours: 9am-6pm with \$30 lift tickets & \$20 rentals

March 23-26

Hours: 9am-4pm with half price lift tickets

March 27-29

Hours: 9am-6pm with \$30 lift tickets & \$20 rentals

As part of our ongoing preventative measures, Ski Wentworth has increased the number of hand sanitizing stations, increased disinfection of public spaces and washrooms and altered some of our food service procedures. We will continue following the most updated guidance and precautions from health officials, with attention to the cleanliness and the environment of our facilities.

We ask customers and staff to follow provincial guidelines and adopt good practices of hygiene, especially by washing hands regularly, practicing social distancing, refraining from handshake greetings and to stay home if they are feeling ill.

Ski Wentworth offers an opportunity to stay healthy, exercise and enjoy fresh air in our great outdoors. We encourage everyone to play safe!

As this is a rapidly evolving situation with things changing at a moment's notice, please always check our social media channels and health authority websites & public bulletins for any updates.
